Membership

To become a member of ChristianHebrewRoots.org, please click the “donate” PayPal button on the home page and give a freewill gift at least once annually and again as often as the Holy Spirit moves you to help. Your annual gift is evaluated based on the date of your latest gift.

Your gift is not tax deductible because this is NOT a 501c3 nonprofit organization, thus allowing us to proclaim the truth without IRS censorship. Why, you ask?

Churches and other nonprofit organizations are not completely free to preach about politics without Government oversight, much like the kind of censorship imposed in Communist China today, which holds most USA Government debt.

Since end-time religion is closely related to church-state politics (as exposed in our book, *A Still Small Voice: The Vatican, the USA, and Israel in Bible Prophecy* by John Fritz, M.S., and Gayle E. Slaughter, J.D.) I want to be able to proclaim the truth without any fear of censorship; therefore, I reject 501c3 status.

If your primary motive to give is to get a tax break, please pray about it and come back here to give when you are listening to the Holy Spirit more clearly.
